Please note minimum PD's for each frame are on the Rx Workwear price list.

Special Instructions/Lens Extras

Please Note - Only fully completed order forms will be accepted for processing.

Please allow 14 to 30 days for delivery. When working out the cost price, please ensure you add together the glazing price and the frame price on the price list together with any additions. All prices exclude postage and VAT.

Only frames and dive masks will be accepted back if returned in a saleable condition within 14 days or original despatch, with original packaging and all accessories and are accompanied by a copy of the original invoice or by the original invoice number. However **NO** credit can be given on glazing work, we therefore recommend the patient tries on frames for fit prior to glazing. Please ensure returned items are sent in packaging which protects them.
